

Florida Bandmasters Association

Hall of Fame Recommendation

The Board of Directors of the FBA Hall of Fame welcomes recommendations to the pool of nominees for review. Recommendations will be reviewed annually with the announcement of the inductee to occur at the FBA business meeting in January at the FMEA conference.

The Florida Bandmasters Association Hall of Fame was created in 1990 to recognize outstanding members of the association who have distinguish themselves in their careers as leaders in the field of secondary school band programs. Individuals submitting recommendations should have a history of attendance at the Hall of Fame. The rationale is to be sure that those submitting an individual for consideration have a better understanding of the historical perspective of selection to the Hall of Fame.

Criteria:

Twenty-five years of teaching experience, the majority of which is spent in Florida.

Demonstration of consistently high performance levels.

An active member of the Florida Bandmasters Association and consistently participated in all FBA-sponsored activities.
