2018 FBA State Concert MPA

Vero Beach High School Performing Arts Center James M. Sammons Auditorium

General Information

The VBHS Performing Arts Center opened in January 2005 and seats 1012 persons. The hall was designed as a concert hall and theatre and provides a professional performance venue to participating bands. The hall and stage have excellent acoustics. The stage will accommodate large bands and has a complete professional sound shell (walls and ceiling). The adjudicators will be seated in the center of the mezzanine level.

Warm Up Room - Building 4

The Band Room will be used as the Warm Up Room. It is suggested that cases be left on busses or equipment trucks and that minimal equipment be taken into the building 4. Large equipment (percussion) will need to be loaded directly into the stage loading area on the southeast corner of the Performing Arts Center.

FBA Office & Director's Lounge – PAC Green Room

The FBA office and Directors Lounge area is located in Green Room on the northeast side of the PAC. Your adjudicator sheets and school packets will be available in this room after your performance. We will also provide refreshments in this room. Participating Bands should check in at the FBA Office immediately upon arrival.

Concession Information

Concessions will be provided from the start of MPA until the conclusion of MPA. Concession information will be available two weeks prior to the MPA. We kindly ask that bands patronize our concessions during the course of their visit to Vero Beach High School.
